Wayfarer signs distribution agreement with Gyrostat Capital

Wayfarer Investment Partners has announced an Australian distribution partnership with Gyrostat Capital Management, an independently owned Melbourne-based risk-managed equity investment manager with a decade long track record. Under the agreement Wayfarer will distribute Gyrostat Risk Managed Equity Fund Absolute Return Income Equity Class A Units and Leveraged Absolute Return Income Equity Class B Units.

Gyrostat Capital was established in 2010 with its primary focus on creating investment products to address uncertainty by providing protection and income-based returns to investors through all parts of the cycle. The Gyrostat benchmark for the Class A and B Units is based on absolute return, non-correlated with market, achieved by protection always being in place through 'dynamic hedging' risk management.

Michael Baker, Director and Head of Wholesale at Wayfarer said "We're delighted to partner with a highly credentialed investment manager like Gyrostat Capital which has built a solid track record and trusted reputation over its 12-plus year history. In the current uncertain, high-volatility environment where investors may be repositioning their portfolios toward less passive, more income based real returns, we believe Gyrostat Capital has a compelling and relevant solution to cater for the bumps ahead."

Craig Racine, Managing Director of Gyrostat Capital said "We are delighted to enter into this partnership, given the Wayfarer team's detailed understanding of our 'dynamic hedging' protection, our risk management approach, and the investor benefits it offers, particularly for retiree portfolios. We believe this is the right time to expand the distribution of our product offering and we believe Wayfarer is the right partner to help us achieve this objective."

The Gyrostat Absolute Return Income Equity Fund is rated 4 stars by SQM with representation across multiple platforms.
